Impacts

We are seeking your feedback on impacts since the introduction of vessel tracking.

If possible, please quantify the impact (costs and benefits) on your business and provide evidence to support your feedback – for example, hours/petrol saved due to the regulation being introduced (i.e. no longer having to go round a green zone), increased catch by volume and value (i.e. from dories being able to fish further afield), removal of 1, 3 and 6 hourly prior notice requirements, and any other impacts on your business (e.g. vessel tracking polling confirmation method).

4. Have you experienced any of the impacts described in the post-implementation review report?*

□ Yes □ No

5. If yes, please provide details.*

6. Are there any other impacts (positive, negative, unintended) that you have experienced due to the introduction of vessel tracking?

Recommendations

We are seeking your feedback on the recommendations made in the post-implementation review report with respect to future aspects of vessel tracking.

7. Do you agree or disagree with the recommendations made?*

🗆 Agree	
Disagree	

8. Please explain why you either agree or disagree.*

9. Do you have any other ideas or recommendations that could provide similar or improved outcomes that would deliver robust fisheries management (specifically with respect to monitoring and research, and compliance) and sustainable fisheries?*

Thank you for your submission. We value your feedback on the vessel tracking postimplementation review.
